

Ms. Nicollette

ACADEMIC TEACHER

Ms. Nicollette is an academic teacher with a Bachelor's Degree in Childhood Education and a Master of Science in Education. She has been an On-Set Teacher for many years.

An On-Set Teacher is someone who travels with child actors as their educational teacher while on films, television, and National Musical Tours. She taught individually and in group settings exactly, like our private school! Her classroom setting with child actors ranges from, The Irishman, Law and Order, West Side Story and so much more! She also was the educator for 12 children touring with Matilda the Musical National Tour, A Christmas Story The Musical, and The Sound Of Music National Tour.

Ms. Nicollette was our lead teacher for the 2021-2022 school year. She has spearheaded an education of excellence with a love for learning, science, Stem and God.

I would describe Ms. Nicolette as enthusiastic, energetic, bubbly, creative, friendly, kind, loving, motivated, passionate and a life long learner. She is always coming up with the best ideas, projects and educational programs.

Ms. Nicollette was born in Long Island New York and attended Florida Atlantic University in Boca Raton.

In her mid 20's she lived in Los Angeles, California, and then her teaching career led her to travel the US with Broadway Musicals as an academic teacher.

When Ms. Nicollette was growing up she always loved arts and crafts, skiing, cheerleading, hip hop and tap dance.

She was proud growing up to have High Honor Roll all throughout Middle School and High School. She won an award in High School for Most Fashionable/Stylist! She also won Most Likely To Succeed Award her Senior Year of High School.

Ms. Nicollette is the oldest of four siblings. One brother and two sisters. She is very close with her family and describes her siblings as her best friends. Ms. Nicollette grew up in a very big family, all together there were 35 cousins on her mom and dads side combined. Holidays are always big and special to her and traditions are important to Ms. Nicollettes's family. She comes from a very Italian family with deep-rooted traditions growing up as a child and continue to still be important as an adult today! As a child, her Nonna would make a delicious red sauce pasta dinner tradition on Sundays which they still carry on as a family. Holidays, they play "Tombola" an Italian Bingo. Her family on holidays bakes as a family and still on Christmas Day they have gingerbread house building contests with gag gifts which they still as adults find as much fun as they did as children.

Ms. Nicollette has big plans for this school year. She is so excited to return to see the faces from last year and the new faces arriving for this school year.

She is excited about her upcoming lesson plans "You will succeed in life if you grow up with the love of learning. My goal is to make sure every child experiences the love of learning. I am committed to model good behavior and communication skills so students can learn how to communicate and treat others through Gods Eyes."
